

Price List 2020

Updated Dec. 2019

Note: The prices are ex works Dusseldorf plus shipping costs. For sales within Germany and the EU, the prices include 19% VAT. For sales outside the EU, the net prices without 19% VAT apply. Note that by import into your country customs can accrue. In addition, at the import is subject to an import turnover tax equal to the sales tax of your country. Our prices are based close to the production costs. There is therefore no common price list as customs and VAT are different in all countries. Therefore, if you want to purchase our products through one of our retailers, price differences are possible. Please contact us if you want to know if there is a Ballfinger partner in your country. We are expanding our distribution network from 2020 onwards.

Tape Machines

Type M 063 H5
